

Student Evaluation – Fall 2024

Student Response Rate for 2024 Fall Semester (enrollment = 44 students)

Below are some of the comments that I got from the class I taught in Fall 2024 (POL202)

Comment one:

“The way the professor helped me out, he would respond in a very timely manner. He mentioned he would get back within a couple days, but in reality, I sent him two emails, and he responded within a couple of minutes. I could not have gotten a better professor. “

Comment two:

“The course allowed students to engage in discussion after the readings in each unit to give their perspective on certain issues and ask further questions. Inquisitive modules were a great way to review the content of the course. The op-ed essays were rewarding challenges that encouraged students to write in a journalistic medium regarding topics on current events in international relations.”

Comment three:

“I liked the consistent weekly structure of this course, and the individualized feedback.”
“Professor Tang went out of his way to help the students.”

Comment four:

“I would like to say, I was not very knowledgeable in these topics, but I learned a lot. Mostly, from the corrections he made on my essays, and discussions. He is very easy to work with, and wish there was more professors like him.”

Comment five:

“Instructor was responsive and assisted students with assignment extensions and was understanding.”
